## **Shed Update**

#### Council:

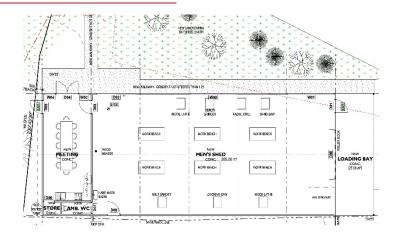

The shed design has been finalised and the Development Application is on its way to council for consideration.

#### **Finance**

We have 3 potential funding opportunities that have been identified. Submissions are being prepared to apply for federal funding from

Building Better regions – Infrastructure Round 5,

Stronger Communities Round 6,

Plus state funding from Tasmanian Community Fund – Community Wellbeing Strategic Initiatives.

All three are competitive grant programs, meaning that there is plenty of competition for limited funds, so there is no guarantee of success. Results should be known by the middle of the year.

Building Better Regions, the larger of the grants is a \$ for \$ funding model. We can apply for a \$1 for each \$1 we have on hand. This grant submission is due to be lodged by March 5<sup>th</sup> so the more funds we have on hand by then the more we can apply for.

If you can help us with funding or fundraising every dollar will help. Come and support our quiz night, buy some raffle tickets (or better still sell some raffle books) share our online raffle sales on Facebook or you can donate directly to Bendigo Bank.
